The screenshot shows the OpenOffice.org Writer interface. The main text area contains two paragraphs of text. The top paragraph is: "hastily dispatcheth messengers, one to Rome for his father, another to the camp for Collatine. They came, the one accompanied with Junius Brutus, the other with Publius Valerius, and finding Lucrece attired in mourning habit, demanded the cause of her sorrow. She, first taking an oath of them for her revenge, revealed the actor, and whole manner of his dealing, and withal suddenly stabbed herself. Which done, with one consent they all vowed to root out the whole hated family of the Tarquins; and bearing the dead body to Rome, Brutus acquainted the people with the doer and manner of the vile deed, with a bitter invective against the tyranny of the king, wherewith the people were so moved, that with one consent and a general acclamation the Tarquins were all exiled, and the state government changed from kings to consuls." The bottom paragraph is: "Tarquins; and bearing the dead body to Rome, Brutus acquainted the people with the doer and manner of the vile deed, with a bitter invective against the tyranny of the king, wherewith the people were so moved, that with one consent and a general acclamation the Tarquins were all exiled, and the state government changed from kings to consuls." A blue-bordered text box is overlaid on the document, containing the text: "Die Formatierungen werden entfernt und der Text wird aus der Zwischenablage in das Dokument eingefügt."
