

Storyline approach “Slumdog Millionaire”

Apart from making the posters for the classroom, you are supposed to work out a fitting mode of presentation for your chapter or your chapters.

Below you will find some ideas which are not obligatory since you are free to choose your own way of making your way out of trouble.

- radio programme
- news presenter
- interview
- flashback
- talk show
- letter
- diary
- film script
- documentary
- report
- newspaper article
- police investigation
- interior monologue
- film
- dialogue
- to be continued

The word bank will be attached to your poster (as part of the storyline) and the grammar problem can be introduced in class or integrated into the presentation.
